

# PATSY KENSIT

## BIG TV STAR

Patsy Kensit joined Richard Bacon as an early bird guest presenter on Channel 4's *Big Breakfast* recently. Proving she is no sleepy head, the actress had no problem getting energetic and joining in with a fitness routine. Patsy, who was recently pictured coming out of *The Ivy* in a foursome (that included comedian Ed Byrne with whom she has denied a romance), has confided that she enjoyed a recent date in New York with a man she met while on holiday in Jamaica with her sons, James and Lennon.
